Willard Pease Drilling Company
P. O. Box 1532
Grand Junction, Colorado

Gentlemen:

This is to acknowledge receipt of your notice of intention to drill Well No. Jones Federal #3, which is to be located 540 feet from the south line and 650 feet from the east line of Section 6, Township 17 South, Range 24 East, SLEB, Grand County, Utah.

Insofar as this office is concerned, approval to drill said well is hereby granted. However, please be advised that this is subject to final approval from the United States Geological Survey.

As soon as you have determined that it will be necessary to plug and abandon the above mentioned well, you are hereby requested to immediately notify the following:

PAUL W. BURCHELL, Chief Petroleum Engineer
Office: DA 8-5771 or DA 8-3772
Home: CR 7-2890
Salt Lake City, Utah

This approval terminates within 90 days if the above well has not been spudded in within said period.

On February 28, 1963, an inspection was made of the Jones Federal #2 Well location, and it was observed that drilling had commenced. Since your first approval has been terminated, a new notice of intention to drill, accompanied with a plat, will have to be filed, particularly since this is a revised location.

Your immediate attention to this matter will be greatly appreciated.

Very truly yours,

OIL & GAS CONSERVATION COMMISSION

CLEON B. FRIGHT
